Claims 1-16

The subject matters of claims 1-16 appear to be novel and to involve an inventive step in view of documents 1-3 cited in the ISR.

The invention described in the present international application relates to compounds represented by general formula (I), and a cdk inhibitor, anti-cancer drug and the like respectively containing any of the compounds as an active ingredient. The subject matters of the above-mentioned claims appear to be novel, since they are not disclosed in any of the documents cited in the ISR. Furthermore, none of the documents suggests or describes them. Especially, the subject matters of those claims are different from the inventions described in documents 1-3 in the constitution in which the compounds of general formula (I) have
